

## **One Year Placement Opportunity**

**Location:** Solihull, West Midlands

### **Company information:**

Prologis is the leading owner, operator and developer of industrial logistics real estate across the Americas, Europe and Asia. We create value by developing and managing a world-class portfolio of high-quality logistics and distribution facilities, serving customers and investors as an integral part of the global supply chain. In addition to high-quality facilities, our land holdings and our development expertise enable us to offer customers complete supply chain solutions. If the right facility doesn't already exist, we can design and build to fit a customer's distribution strategy.

In the UK, we have a portfolio of over 100 buildings comprising in excess of 42 million square feet of industrial space in prime locations. For additional information go to [www.prologis.com](http://www.prologis.com) and [www.prologis.co.uk](http://www.prologis.co.uk)

### **Opportunity:**

Prologis is offering a unique one year intern placement opportunity for a smart, knowledgeable and enthusiastic graduate, which will provide invaluable Construction Project Management experience.

This placement will be within our in-house Project Management team, who manage the technical aspects of site acquisition, planning permission, sustainability, procurement and delivery of construction works for our developments throughout the UK. You will gain invaluable experience working with our 'client side' Project Managers on large scale industrial development projects. You will also receive high quality supervision during the placement and your experience will count towards your APC accreditation.

### **Main Tasks and Responsibilities:**

Support for the Project Management team in the following areas:

- Technical evaluation of land and building acquisitions
- Assist with technical/cost data collection and analysis on historic and recently completed projects
- Preparation, submission and implementation of planning consents
- Procurement of major new build construction projects
- Administration of Building Contracts
- Preparing for and attending progress meetings
- Snagging inspections and making good of defects
- Opportunity to gain on site experience

### **Required Qualifications and Experience:**

- Excellent A level results and on track for a 2:1 or above in Construction Management, Chartered Surveying or similar degree
- Valid passport/visa to work in the UK and a valid driving licence as there will be some UK travel
- Keen interest/experience in industrial property, development and the real estate business
- Excellent IT skills including Microsoft Office and real estate specific software
- Excellent written and verbal communication skills
- Strong commercial awareness capabilities
- Strong analytical capabilities

**Salary:** c£17,000 per annum
